Manuscript for Publication

Our Manuscript Review Board has approved for publication the paper "The Characterization of Pectinic Acids from Tobacco" by S. F. Norman and R. de la Burde. A copy of the abstract of this paper is attached. The information in this paper relates to the composition of pectins in tobacco leaf and stem. This information is totally unrelated to the question of smoking and health.

Please let us have any comments or questions which you may wish to make regarding this publication.
